SEASON 1989/90

OFFICIAL PROGRAMME No. 15 — 1st April, 1990

STONE'S BITTER RUGBY LEAGUE — DIVISION I

BARROW v BRADFORD N.

Paddy McAteer (Editor)

A WARM WELCOME TO Bradford Northern who round off Barrows season in Division I.

I cannot ever remember Barrow going through the season without a home win so hopefully today we can pull off that shock win and send our supporters the hard core home happy.

It has been a most trying season for the club both on and off the field, but that is all water under the bridge, we must now forget the past and set our stall next season in Division II which by no means are we guaranteed to go straight back up.

Steve Norton a legend in the game who spent twenty years at the top of the tree is the new man who will take control next season. Steve knows what lies ahead of him but all at the Club and the town folk alike must get behind him.

New players are a must to blend in with several potentionally good players at the club, but experience is essential.

It is always a difficult task getting these kind of players to Barrow but the Club have had plenty of successes in the past but the days of travelling players must come to an end.

They must move to the area and settle down into the community for the good of the team.

On behalf of the Board of Directors I thank those who have supported the team this season hopefully it will all come good next season and many thanks to those who work so hard behind the scenes.

"Out to Lunch Bunch"

TODAY IS THE turn of Bradford Northern to undergo a hard time at the hands of the blues. Bradford Northern, Odsal snow lashed open terracing, and only one Ale house anywhere near the ground. Today though, we can exclusively reveal that Odsal used to be perfectly level on the top of a hill and to save the cost of having to build grandstands and terracing etc., the Board of Directors forced the then coach to adopt a playing style of huge forwards crashing down the centre of the field. After about 80 years of playing like this, the wear and tear had taken its toll and the magnificent Odsal bowl started to take shape. Unfortunately, one or two areas still needed levelling out so Bradford signed Brendan Hill to do the job. Upon completion they sold him to Halifax where the goundsman was having a nightmare trying to flatten the mole hills. Once the pitch was perfectly flat, Bradford decided to change their style a bit and started to pass the ball to the wingers and this has resulted in a team that are now worth watching

It took a good performance to beat Barrow away last October with Barrow unfortunately getting their usual good start and losing 14 - 0 after about 10 minutes. The boys then set about the bigger faster Bradford team with great gusto and after an hour had not only pulled back to 24 - 24 but were also on top. Then the usual, a dropped ball, a lost scrum, a quick break down the left and the game was lost.

Bradford still rely on their pack for much of their play and with the likes of Kelvin Skerrett, player-coach David Hobbs & the 4 x 400m individual Paul Medley, can dominate any team in the middle, but with Gerald Cordle & Henderson Gill out wide they also have the pace to finish off any breaks.

This season has been nothing short of disastrous for the team, but, us being veterans of several other First Division campaigns can only thank the players for giving their most on the pitch and only hope that now the boardroom squabbles seem to be over that every body can work together and bring back some lost pride, and hopefully in two or three years, a team capable of taking on and beating the best.

Some of us weren't at the last home game but I can just imagine the smiles on the fans faces as Barrow were winning 14 - 12, but it seems Castleford stepped up their game and scored a few points in the second half to keep their fans happy.

The reason we weren't there was because we were in France to see the mighty G.B. Lions thrash the frogs out of sight. This, however, wasn't to be. After a few bottles of wicked ale at a cafe in Perpignan & a few more during the first half we didn't actually see anything and we had to wait for the televised highlights the day after to see that not only did France play some superb Rugby and knock our forwards all over the shop but they should have won having two tries disallowed (one dubiously). We can remember the after match hospitality of the French, who after the game, set up barbecues & passed the vin rouge and hot dogs round with great generosity. Even though nobody could understand each other we all managed to agree that Rugby Union was a load of garbage and that the local vino collapso was a fruity little number. Spotted after the game (although at separate ends of the ground) Rod Reddy & Steve Johnson (be honest now Steve, were you there to watch the match or are you still chasing Alex Murphy). In the first pub after the game, there were more Barrovians than Frenchman & the next one was full of G.B. players. It has been reported that Andy Gregory is a hell of a decent guy, Malcolm Reilly does smile & Phil Larder gets most upset at the mention of his beloved computer.
Any way see you all next season and have a good summer.

KEITH MUMBY. Full Back, 5' 9", 13st. 8lbs. One of the game's most consistent and loyal players, who has been at Odsal for 15 seasons since joining them as a 16 year old, yet is still widely regarded as one of the best Full Backs in England. Club records include most matches in a career, most goals and most points scored. Honours include England, Great Britain under 24s and Tours in 1974 and 1979. Club Player of the Year on seven occasions.

DAVID COOPER. Full Back. Signed from Bramley Rugby Union this close season. Prolific try scorer. 5' 11", 13 stone. 25 years old.

GERALD CORDLE. Winger. Signed during the close season from Cardiff R.U.F.C. Big strong and elusive runner. 6' 2", 14st. 7lbs. Hard man to tackle.

STEVE MCGOWAN. Centre. 6' 3", 13 stone. Signed from Leeds Colts. Has had great games in previous seasons, but was out many months with a bad leg injury. Standing at 6' 3" he is reminiscent to Eric Ashton in his style.

ERROL JOHNSON. Centre. Signed in mid September 1988 from Leeds R.L.F.C. after failing to agree terms with them. An under 21 International, very strong runner and hard defensive player. Subsequently Leeds valued him at £60,000 and it seems likely that the Rugby League Tribunal will have to decide the fee.

ROGER SIMPSON. Winger. 5' 6", 11 stone. From Mold Green A.R.L., he can also play Centre or Stand-off Half. A former Colt International, he joined Northern on his 17th birthday.

IAN WILKINSON. Centre. Signed from Halifax R.L.F.C. Former Leeds player who toured Australia and New Zealand with the 1988 team. Also plays Full Back and Second Row. Very strong runner.

RICHARD FRANCIS. Winger. 5' 10", 12 stone. Signed from Parkside Juniors as a 17 year old. A Great Britain Colts International, and former schoolboy sprint champion, he is the fastest player on Northern's books.

RUSSELL STEWART. Off Half. 5' 6", 12 st. 12 lbs. A Junior Kiwi who played for Northern District versus Great Britain during our 1984 Tour. Has also played Scrum Half and Loose Forward in his native New Zealand.

PHIL HELLEWELL. Off Half. Product of Dudley Hill Amateurs in 1986, he has earned under 19 Amateur honours. A serious injury at the start of season 1987/88 curtailed his appearances.

PAUL HARKIN. Scrum Half. 28. 5' 5½". 11 st. 3 lbs. Joined Northern as a 17 year old from Wakefield Colts and transferred to Hull K.R. in 1978. Earned International honours, appeared in eleven major Finals for Hull K.R. and often proved the man for the big occasion, with Man of the Match Awards in the 1984/85 and 1985/86 John Player Finals. Nevertheless he asked for a transfer and after being on the list for a couple of years, he rejoined Northern for the largest fee Hull K.R. had received for a player. Paul continues to be a shrewd organiser and dictator of play.

HEATH GODFREY. Scrum Half. 23. A player who always gives 100 per cent whenever he receives a first team chance as deputy to Harkin. he also stood in at Off Half.

KELVIN SKERRETT. Prop Forward. 23. 6', 16 stone. Nephew of former Hull F.C. and Great Britain Forward Trevor Skerrett, he originally joined Hunslet, later moving to Bradford in August 1987, where he has been a first team regular ever since.

JONATHAN HAMER. Prop Forward. 6', 15½ stone. Signed from Halifax Junior Club, Siddall. Strong running, hard tackling player. Age 23. A great prospect, big things are expected of this young man.

BRIAN NOBLE. Hooker. 28. 5' 8". 13 st 6 lbs. Joined Northern straight from school, and graduated through the sides until he won a First Team place. In 1984 he was the youngest ever Captain of a Great Britain side to tour Australasia, and although he has 11 International Caps, eight as Captain, for the past four seasons he has been passed over for International selection. An ever present in the side, he had a Benefit last season.

DAVID HOBBS. Second Row or Prop Forward. 6' 1". 15 st. 7 lbs. Joined home town, Featherstone, where he gained International honours and a Cup winner's medal, Lance Todd Trophy winner in 1983. Had a couple of years at Oldham prior to joining Northern three seasons ago. This strong running forward is also a very useful goalkicker, being in the League's top ten a couple of seasons ago with 83 successes. Appointed Captain this season.

KARL FAIRBANK. Second Row Forward. 6', 15 st. B.A.R.L.A.'s Player of the Year in 1986. Signed from Elland Amateur Rugby League Club at the end of the 1985/86 season. At 23 years old, he had an outstanding Tour with the Great Britain Amateur side in Australia, and last season went on tour after ending the season as the club's top try scorer, but did not win a Test place. One of five brothers, he is the son of former Leeds star, Jack Fairbank.

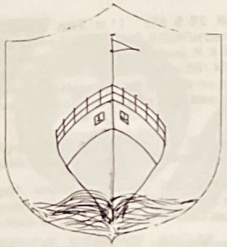
PAUL MEDLEY. Second Row Forward. Signed from Halifax during the close season. Northern's most expensive signing, very fast. Great Britain Tourist in 1988. Former Leeds player.

JOHN PENDLEBURY. Age 28. 6'. 13 st. Ex-Wigan and Salford Loose Forward signed by Halifax in 1986. Challenge Cup winners and losers medal and Halifax's mid-field general. His drop goal at Wembley won the Cup for Halifax against Saints. Capped for Lancashire in 1985. Classy loose forward and ball distributor with an eye for a half chance, good cover tackler, who reads the game well. Dedicated professional.

GLEN BARRACLOUGH. Hooker. Age 23. 5' 8". 13 stone. Signed from Bramley R.L.F.C. in 1987/88 season, having originally played with Bradford Junior Club, Sedbergh. Non-stop running and tackling player. Should have a great future in the game.

TONY MARCHANT. Centre. Age 27. 5' 10". 13 stone. Signed from Castleford R.L.F.C. in December 1989. Former Great Britain Centre, Tony has always been a consistent try-scorer, including one on each of his 4 Yorkshire appearances.

HENDERSON GILL. Age 29. 5' 8". Former Great Britain International Winger. rejoined Bradford Northern this season from Wigan. Try-scorer extraordinary. Looks as if he will be a great asset to the Club. Occasional Goal Kicker.



Winner of the new Barrow R.L.F.C. Logo.
